

We offer a design service to help choose and position your furniture.

THE UNFITTED KITCHEN CO

Designed by Johnny Grey Studios

BUILT-IN SINK CABINET

Design your own built-in sink cabinet.

Modular cabinets 600mm, 500mm, 400mm wide allow you to create your own design. Just add an H framed leg at the side of each cabinet. These come in right, left or middle configuration. Choose from Olive ash and painted finishes.

The Fisher & Paykel dishwasher is set at the ideal ergonomic height.

The double sink is available in a range of finishes.

Willow storage baskets, made by weavers in the West Country, can be removed for cleaning.

The tiled panel created by ceramicist Alex Zdankowicz can be commissioned personally with your own choice of patterns and colours or selected here.

Taps are chosen by you from Caple and Quooker.

The cupboard below the sink is customised for a hot water tank and to store cleaning products.
